Biz Outlook Luncheon

"Presenting keynotes and teaching workshops on social media has to be THE FAVORITE thing I get to do as creator of The Social Latte. I truly enjoy being on stage and either talking about social media with business owners or training business owners and individuals how to better use social media to accomplish whatever their goals may be – personally or professionally. The other part of presenting that I enjoy is receiving feedback from the audience – both in person at the event and via e-mail, Twitter, LinkedIn or Facebook after the event."

Biz Outlook Luncheons are designed to provide information pertinent to today's business climate and the quality of life in the Casa Grande area.
